

Village of South Barrington

Special Invitation To Get Connected through *Community Alert System*

The Village of South Barrington has established a **Community Alert System** using the *Connect-CTY* notification service to send residents and businesses important emergency information about our community, such as a road closure, utilities problem, or missing child.

Please accept our invitation to participate in this great service. With the **Community Alert System**, the Village can reach you by phone or e-mail within minutes. Participation is 100% free and completely voluntary.

We know your personal information is important, and the Village will not share it with anyone.

If you wish to receive emergency notification phone calls from the Village, or you would like to provide additional contact information, you may do so at the Village of South Barrington's website at www.southbarrington.org. Click on the "SIGN UP NOW" logo and add your information on the secure website.

Or, you may complete this form and return it to the Village of South Barrington at the address listed below.
