LAWN IRRIGATION PERMIT

REQUIRED APPLICATION MATERIALS:

- Permit Application Form (TYPED)
- Three (3) copies of Site Plans showing zones and head locations
- As-Built Septic System plan
- Two (2) copies of Material Spec Sheets including RPZ valve.
- \$100.00 Application fee (separate check)
- \$115.00 Plan review fee (separate check)

LOCATION OF SYSTEM:

The lawn sprinkling system shall not be designed or installed over or within twenty-five (25) feet of any portion of the septic system or within fifteen (15) feet of the property line or in the Village right-of-way.

PLANS AND SPECIFICATIONS:

Plans should include specifications in duplicate showing the nature, extent, and location of the proposed system and shall include a plan view and diagram showing all features from the connection to the water source to the sprinkler heads, including the piping layout, pipe size and grade, location of septic field, lot lines and structures located on the lot.

MISCELLANEOUS INFORMATION:

A split performance deposit is required from the General Contractor and owner at the time the permit is issued. In the event that damages result from installation or if installation encroaches into the septic system or field, within 15 feet of the property line or into the village right-of-way, the deposit will be retained until the problem is resolved to the satisfaction of the Village Building Department.
