

VILLAGE OF SOUTH BARRINGTON

RESOLUTION NO.-2016- 1598

RESOLUTION BY THE VILLAGE OF SOUTH BARRINGTON ENDORING THE METROPOLITAN MAYORS CAUCUS' GREENEST REGION COMPACT 2 PROPOSAL

WHEREAS, the Metropolitan Mayors Caucus provides a forum for the chief elected officials of the Chicago region to develop consensus and act on common public policy issues and multi-jurisdictional challenges; and

WHEREAS, the Metropolitan Mayors Caucus' participating Mayors and their communities have a history of environmental stewardship, from energy efficiency, water conservation, urban forestry, and participation in Clean Air Counts; and

WHEREAS, it is important for Mayors and local governments throughout the United States to take leadership roles to advance sustainability both in their own communities and in concert with regional, national and global initiatives; and

WHEREAS, the Metropolitan Mayors Caucus created the Greenest Region Compact 2 to address environmental sustainability issues of global importance at the local level; and

WHEREAS, the Greenest Region Compact 2, also called the GRC2, is built on important environmental initiatives already underway in communities, in partnership with many non-profit, state, regional and national organizations; and

VILLAGE OF SOUTH BARRINGTON

WHEREAS, the GRC2 synthesizes sustainability goals already adopted by leading communities in the region; and these consensus goals align with common regional, state, national and global objectives; and

WHEREAS, the GRC2 offers a companion Framework to guide communities of all sizes and strengths to assess their current efforts; develop a sustainability plan suited to local priorities; and will offer resources to help them succeed; and

WHEREAS, the consensus goals of the Greenest Region Compact 2 will guide coordinated efforts toward enhanced quality of life for residents; protection and stewardship of the environment and sustainable economic vitality.

NOW, THEREFORE, BE IT RESOLVED that the Village of South Barrington endorses the Greenest Region Compact 2 proposed by the Metropolitan Mayors Caucus and agrees to work to achieve them, both in their own communities and in collaboration throughout the region.

The Framework

March 2016

The Framework

The details of the Framework are organized around the 10 categories and 49 consensus goals of the Compact.

The 10 categories are:

Climate

Economic Development

Energy

Land Use

Leadership

Mobility

Municipal Operations

Sustainable Communities

Water

Waste & Recycling

The Greenest Region Compact 2 presents consensus goals for environmental sustainability to be addressed by local municipalities, yet will have coordinated, positive impacts on a much larger scale.

Municipalities throughout the region are invited to formally endorse the Greenest Region Compact 2 and work in concert to achieve its goals. *(See the complete Greenest Region Compact 2 and sample municipal resolution in the Appendix.)*

The Greenest Region Compact 2 (GRC2) Framework is the companion document that provides suggested objectives, strategies and tools to help communities achieve consensus goals of the Greenest Region Compact 2.

Introduction

The Framework is built on 30 sustainability plans and guiding documents already in use by Illinois municipalities. It also incorporates more than 10 documents from regional, national or global organizations that are widely used to guide sustainable municipal actions *(See Appendix)*. More than 1150 actual sustainability goals and objectives are synthesized into this Framework resulting in a broad and comprehensive guidance for municipal sustainability. Fundamentally, the Framework is built from goals and actions that are broadly applicable and suited to municipal action.

Dozens of partners, advisors and stakeholder groups contributed additional objectives, strategies and tools supportive of the consensus GRC2 goals, and for this we are grateful. *(See Appendix)* These contributions help connect the consensus goals to achieve greater positive impacts at the regional, state, national and global levels. Many of the partner programs cited in the Framework offer assistance and guidance to help municipalities achieve GRC2 objectives, thus creating a synergy between local efforts and existing resources.

For more information on the GRC2 methodology, see the full report: [Greenest Region Compact, Opportunities + Impact, Metropolitan Mayors Caucus, 2014.](#)

How to Use the GRC2 Framework

The Framework can guide municipalities of all sizes and strengths towards sustainability actions. For communities with no formal sustainability plan, the extensive Framework offers a menu of options that could be used to construct a local, tailored sustainability plan. Communities can begin by assessing actions already accomplished and underway. Then they may choose priority objectives and strategies on which they will begin work. The Framework is broadly applicable to most communities so users will need to refine and tailor objectives and strategies to suit. Municipalities may choose as many of the goals and objectives as they wish and address them on their own timeline.

Communities currently guided by their own sustainability plans will likely recognize specific goals and elements of their own plans in the Framework. The Framework may offer additional options for achieving their established goals, or suggestions for updating an existing plan.

Framework Structure

The following pages are formatted to prompt self-assessment and guide preliminary selection of priority objectives and strategies.

The Framework is structured to expand on the GRC2 Compact goals in each category (column C). **Objectives** are adjacent (column E) to each GRC2 goal and are labeled for reference, i.e., E10 is the tenth objective in the Energy (E) category.

Strategies are preceded with the symbol ">" and labeled with an additional letter, i.e. E10b as they relate to the numbered objective. Not every objective is paired with specific strategies.

Advanced strategies are preceded with the symbol "+". These are extra, progressive steps, usually suggested by stakeholders, that communities may wish to take to advance certain GRC2 goals.

Links to resources, such as certification programs or model ordinances, which may be considered tactics, are offered for some objectives and strategies. These are indicated by the hyperlink, "Y" in column M-O.

Assessment of the relevance and priority of each objective and strategy may be guided by prompts in columns F-L.

Because the nature of sustainability is its inter-relationship of social, economic and environment elements, objectives and strategies are also interrelated. Actions to improve land stewardship will improve water resources; improved active transportation choices will enhance healthy lifestyles and more. Therefore, actions with complementary outcomes may be found in different sections of the Framework. Policy, Stewardship and Outreach and Education are common elements in nearly every category.

Acknowledgements

The Greenest Region Compact 2 and companion Framework have been made possible due to the generous support of the Searle Funds at The Chicago Community Trust. The Environment Committee of the Metropolitan Mayors Caucus, under the leadership of John Ostenburg, Mayor, Village of Park Forest and Barrett Pedersen, Mayor, Franklin Park, has guided this work. The Executive Board is gratefully acknowledged for leading the Caucus staff and committees.

Greenest Region Compact 2 and the Future Sustainability Network

The Metropolitan Mayors Caucus plans future supportive programs and resources to accelerate community actions in pursuit of the GRC2 consensus goals. A future Sustainability Network will develop pathways and leveraging strategies to develop capital sustainability projects. Future metrics, a reporting mechanism, and recognition for participating communities, is also planned.
