WASTE COLLECTION SERVICES

The Village of South Barrington and Groot Industries are proud to announce the enhanced recycling collection program. **During the month of July/August, each single family home will be supplied with one 65 gallon cart for the weekly collection of recycling.** The Village is proud to provide them at no charge. The cost was funded in part by a recycling grant from the Illinois Department of Commerce & Economic Opportunity (DCEO). Please note the following highlights:

Recycle Collection Program Highlights:

- While the cart must be used, you may keep the 18 gallon bin for personal use or have it recycled with a note to the driver requesting removal.
- Residents must use the cart for weekly collection and the 18 gallon bin may be used for recyclable overflow only and not by itself.
- Residents currently renting recycle carts will see the rental fee removed from your quarterly invoice.
- Recyclable materials do not need to be separated from each other. Non-paper materials and paper materials may be commingled (mixed together) in the recycling cart.
