He spoke of the planned Scout activity to launch self-built rockets at Community Park Monday, August 27th from 5:30 to 7:30 p.m., and asked the Board’s approval. He gave background on the activity and said that they would monitor on-site parking.
Trustee Abbate noted that he had attended several of these launches, and that it is an educational and enthusiastic activity for the Scouts and one that the kids really enjoy.
Mr. Anderson answered questions from the Board. He said that there is no danger to any of the homes near the Park, and said that the suggested area size for the activity is 100’x100’ and that they will be using an area 500’x500’. He explained there is no explosion to the rockets, but that a parachute will burst out of the nosecone. He referred to pictures he had sent to be distributed to the Board.
A resident from The Regency reported that they did not see any rockets or rocket debris last year, but that there were unsupervised children in the area. Mr. Anderson explained that this year there would be parking monitoring and that any overflow from the lot would be directed north. He had talked to the Park District and that Monday will be a low-usage day. He will also send out an email to participants with parking instructions, including specifically NOT to park along Bridges.
The resident explained that they were concerned about the children’s safety, especially with the many cars that come and go by the gatehouse where the children were playing. Mr. Anderson thanked them for that information and would prepare so that it was not a problem this year.
President McCombie asked Chief Roman if he had any comments; he did not. She asked the Board if they had any problems with the activity; there were none.

However, the Village does not receive the policy until three months later and there can then be differences. He asked Attorney Storino what exactly is the coverage. Attorney Storino liken the question to the questions debated in law school or battled in the courthouse. He said that the insurance company is obligated to cover what is included in the binder, and that if the policy is missing any of the points in the binder, that matter should be followed up.
