CULVERT REPLACEMENT PERMIT

**SCOPE:** Replacing or changing culvert under driveway and replacing driveway over top.

*NOTE: If any of these activities affect the existing grading for your project, a Scaled Engineered Site Plan including topography, dimensions and proposed grade change will be required.*

**REQUIRED APPLICATION MATERIALS:**

- Permit Application Form ([southbarrington.org](http://southbarrington.org)), Government, Building & Engineering
- 2 copies of Plat of Survey with culvert specifications including material type, diameter, length and flared end sections
- Copy of contract proposal with estimated cost of construction
- Subdivision Architectural Approval needed *if* widening apron, changing material or adding ribbons in repaired area
- $100.00 Application fee
- $150.00 Plan Review fee for culvert replacement and associated driveway repair

---

**BRICK OR PAVER APRON:**

The village will not be responsible for any bricks or pavers that are damaged in the public right of way due to road repairs or snowplowing. (South Barrington Municipal Code Title 7; Chapter 3; Section 1H.)

**SEPTIC AREA PROTECTION:**

Absolutely no construction traffic, stockpiling of materials, etc. shall occur over any portion of the septic field areas.

**PERFORMANCE DEPOSIT:**

Performance deposits (cash or check) are required from both the General Contractor and the property owner at the time the permit is issued. In the event that damage occurs to village streets, easements, etc. from any construction or landscaping work, the deposit will be retained until the problem is resolved to the satisfaction of the Village Building Department. “Request for Release of Performance Deposit” forms are available on line at [www.southbarrington.org](http://www.southbarrington.org).
